CAREER OBJECTIVE

An Artificial Intelligence & Machine Learning (AI ML) Professional seeking challenging opportunity to work for an organization.

TECHNICAL SKILLS

C Programming, C++, JAVA, Python, SQL, Visual Studio, C#, R, XML, HTML, RPA
OS: Windows, UNIX

INTERNSHIP

EZTS (30/10/2023-28/11/2023)

Demonstrated strong problem-solving skills in resolving technical issues and challenges encountered during Python programming tasks.

Destination Techs (28/10/2022-19/11/2022)

Designed and implemented a small-scale project in C Programming Language, applying principles of modular programming

PROJECTS

Restaurant POS | Git

- Developed & designed platform using JavaScript, HTML, and MySQL.
- Implemented features including order management, billing.
- Enabled real-time updates and synchronization.

Code Complexity Monitoring | Git

- Developed and designed a code complexity monitoring tool using Python for basic CRUD operations.
- Implemented features including code analysis, complexity scoring, and report generation.
- Designed a user-friendly interface using CLI.

Pizza Ordering System | Git

- Developed and designed using C# to streamline the process of ordering pizza, managing orders and handling transactions.
- This is a console-based C# project.

EDUCATION

BE in Artificial Intelligence & Machine Learning from Ballari Institute of Technology and Management, Ballari, Karnataka, Pursuing 6th Sem, 8.2 CGPA [2021-25]

Department of Pre-University Education from Ballari Independent PU College, Ballari, Karnataka 78.9% [2019-21]

Karnataka State Board from ST Joseph's Co-Education High School 74.5% [2018-19]

CERTIFICATIONS

- Introduction to Artificial Intelligence
- Cybersecurity Attacks (Red Team Activity) and Methods to protect (Blue Team Activity)
- Database and SQL
- Internet of Things Applications
- Data Structures and Algorithms using Java

- Python Foundation
- Mastering NLP with Python
- RPA Developer Foundation
- OpenCV for advanced image operation
- C# developing a desktop software
- Firebase for Android development
- Participated in 36 hours Hackathon organised by DLithe Consultancy Services Pvt Ltd, Bengaluru
- Soft-Skill certified

INTERESTS

Personal Development, Gaming, Football, Cricket, Exploring

LANGUAGES

Kannada, English, Hindi, Telugu, Marathi
